

Dear HRDC Energy Program Staff,

I wanted to thank you for obtaining my approval for the LIEAP program. I can't tell you how much I need the program, I am a 79 year old senior citizen living on Social Security and a small \$100 pension. I run out of money in the middle of the month. With LIEAP assistance I will be able to have some heat and also some money for food. Thanks for being there to solve my problem.

Sincerely,

Stanley

You have been a godsend – keep up the good work – you are great!
